Fiat money is a currency without intrinsic value that has been established as money, often by government regulation. Fiat money does not have use value, and has value only because a government maintains its value, or because parties engaging in exchange agree on its value. It was introduced as an alternative to commodity money and representative money. ...

So if you think this is just theoretical, theorize again with FACTS. The facts are the Japanese actually DID use two fast Emily 4-engined seaplanes to bomb Pearl Harbor after their first raid. They used uninhabited island lagoons west of Pearl to get smooth water to land on and refuel from submarines.

Conscience is a cognitive process that elicits emotion and rational associations based on an individual's moral philosophy or value system. Conscience stands in contrast to elicited emotion or thought due to associations based on immediate sensory perceptions and reflexive responses, as in sympathetic central nervous system responses. In common terms, conscience is often described as leading ...
