Darkness, the polar opposite to brightness, is understood as a lack of illumination or an absence of visible light.. Human vision is unable to distinguish color in conditions of either high brightness or darkness. In conditions with insufficient light levels, color perception ranges from achromatic to ultimately black.. The emotional response to darkness has generated metaphorical usages of ...

For recent generations, it's songs rather than poems we recite from memory. So as Semple calls out tragedies and travesties of destroyed innocence, his mind alights on cultural narratives of vibrant darkness, celebrities and conspiracies, which are perfectly encapsulated by music whose emotional confusion reflects confusing times.
